## **The Web of Life**

It is already summer, and Obon is just around the corner. At Obon we rejoice in the awakening awareness of the interconnectedness of all beings, past, present and future. It is an opportunity for us to express our gratitude, not only to our ancestors, but to all who have contributed to life and who have passed on to the Pure Land.

Within the next two months, Obon will be celebrated in five communities within the BC Interior. Some will travel long distances to attend the Obon Service in the more remote communities. An additional source of enjoyment for us is the chance to experience the scenery of the beautiful BC Interior. Driving through some of the smaller communities, we are also fortunate to see many kinds of wildlife, such as bears, moose, foxes, coyotes, and all kinds of birds, like eagles, and osprey. All those living beings are regarded as brothers and sisters in the First Nations stories and fables. We living beings are all inter-related and all have important roles in the great drama of life.

When I see the diversity of wildlife, I am reminded that all are inter-related and inter-connected in nature. Not long ago, I saw the well-known film *The Power of Nature* which describes the intricate ecosystem within Yellowstone National Park. Did you know that in the 1930's all the wolves, who were at the top of the food chain, were killed off by hunters to try to increase the number of other animals that the wolves preyed upon. This disturbed the delicate balance of nature within the ecosystem, and a chain of events began to occur. With the wolves gone, the elk and deer populations flourished. The elk were not pressured to move around in winter, and browsed heavily on the willows. This created a crisis for the beavers who needed the willows to survive the winter. As a result, there were pools of stagnant water. Over time, the fish gradually disappeared, the trees didn't grow, and the migratory birds were gone. The bears had no berries to eat, and their numbers dropped dramatically they too disappeared.

In 1995, wolves were re-introduced into Yellowstone park. The changes that began to happen were amazing. The wolves began preying on the elk and deer in the valley whose numbers had built up over the years. The deer began avoiding the valleys, where they could become trapped by the wolves. The vegetation, which had

previously been grazed away to almost nothing, began to grow again. Over time, the valley became refurbished by trees. Some growing to 5 times their previous size. Migratory birds gradually became attracted to the trees. Beaver colonies began to increase, and again beavers built beaver dams. There were lots of amphibians, and the otters and small mammals slowly returned.

The wolves were active and they killed not only deer and elk, but also coyotes. This resulted in more rabbits, mice and small animals. These were also sought for food by the eagles and ravens, who feasted on the carrion. There were more berries on the flourishing bushes, and these provided food for the bears.

The wolves killed deer, but they also brought about several significant changes in the environment. Rivers began to show less soil erosion and less meandering. With the introduction of the wolves to the ecosystem in 1995, Yellowstone Park gradually became transformed. Amazingly, the wolves not only transformed the ecosystem, but also indirectly transformed the river system. All in all, the presence of wolves triggered a cascade of effects among animals and plants that is still continuing to unfold.

Indeed, in our world, all living beings are interrelated, and we have a responsibility towards all living beings -our plants, birds, insects, and animals.

Shinran Shonin once said, in one of his letters "Amida Buddha fulfills the purpose of making us know the significance of nature"

Also, I am reminded of the famous speech of the great Aboriginal leader, Chief Seattle, who spoke these words, "Humankind has not woven the web of life. We are but one thread within it. Whatever we do to the web, we do to ourselves. All things are bound together. All things connect."

As Obon celebrations begin, within our communities, let us be mindful of the lives of all living beings. We are all a part of earth's existence. Each one of us plays a truly unique role in the great web of life. Let us be forever grateful and humble to be a part of this intricate world.

## **Condolences**

Our deepest condolences are extended to Kaye Kaminishi and family in the passing of beloved wife, mother and grandmother, Florence on April 6, 2017.

Flo was a long time member of our temple and the Fujinkai, active until earlier this year.

Flo would have celebrated her 93<sup>rd</sup> birthday this June.

A memorial service was held at the temple on May 1, 2017. We will miss and remember Flo with many fond memories.

## **61<sup>st</sup> Keirokai held - April 2, 2017**

Did you know that in Japan, "Keiro-no-hi" is a national holiday in September to celebrate and show respect to their senior citizens?

We honored and celebrated our keiro at the temple on April 2 with a delicious turkey dinner prepared by the Fujinkai ladies. MC Daniel Heslop informed us that it was the 61<sup>st</sup> Keirokai held at the temple. The crowd was small but four seniors were acknowledged for marking their 77<sup>th</sup> and 88<sup>th</sup> birthdays this year. "Congratulations" to Alice Tateishi, Irene Maeda, Betty Hirowatari and Tosh Takenaka for achieving this milestone.

A very special couple, Eddie & Kay Hori were surprised with an anniversary cake to help celebrate their 60<sup>th</sup> Wedding Anniversary on April 20<sup>th</sup>. The delicious cake was made and decorated by Tomi Wakabayashi. The cake was topped with photos of Eddie & Kay on their wedding day and a more recent photo of the couple. We tried to get a kiss out of them but Eddie seemed to be preoccupied!

The evening continued with door prizes and Bingo manned by Dana Turner and Lance Yamada.

*To all of our keiro members, we wish you continued good health and happiness!*

## **Spring Chow Mein Sale Report**

The spring chow mein sale was held on Saturday, March 25<sup>th</sup>.

**A huge "thank you" for a job done well** by so many members and volunteers. We are ever so grateful for all the long hours and energy given to this fundraiser. It is a ton of work and I'm sure that everyone was very tired! I know that some of us just sat and "vegged" the next day. "Yoisho, yoisho, koshi ga itaina!"

Our goal was to make and sell 2500 servings of chow mein. There were 2617 servings

made in total. A number of tickets were returned, unsold but we were able to sell the frozen chow mein after the sale day. **"Thank you" to Helen Sawada and George Uyeda at the Cultural Centre** for pushing the last of the sales. We really appreciate this effort.

The **fall bazaar on September 30** will have the mein for sale along with a smaller quantity of chow mein.

The **fall chow mein sale is on November 18<sup>th</sup>** and so we hope everyone will have a good rest before tackling another round of making chow mein.

## **Obon Service, July 16<sup>th</sup>**

The Kamloops Obon service will take place on **Sunday July 16<sup>th</sup>**

There will be a **Hatsubon service at the Temple at 10:30 am**, followed by **Cemetery services beginning at 1:00 pm**.

The **Temple Service takes place at 3:30 pm** followed by dinner and Obon Odori.

**BC Jodo Shinshu Buddhist Temples Federation**  
**2017 Vancouver Island Obon Cemetery Tour**  
**August 11 -13, 2017**  
**'A Journey of Reconciliation and Celebration'**

The BC Jodo Shinshu Buddhist Temples Federation is proud to announce the 2017 Vancouver Island Obon Cemetery Tour from Aug. 11 to 13<sup>th</sup>. 2017 is a significant year, not only because our nation is turning 150 years old, but it also signifies 75 years since the internment of Japanese Canadians. The forcible removal of Canadian citizens from Vancouver Island was the direct cause for many cemeteries being destroyed and desecrated. Following WWII, in 1967, as an act of reconciliation, the BCJSBTF along with the NAJC and other local organizations gathered the headstones strewn about at the Cumberland Japanese Canadian Cemetery site and brought them all together to form a central memorial monument. Cemeteries in other towns such as Chemainus, and Port Alberni would follow suit.

This year marks the 50<sup>th</sup> Anniversary for the erection of the monument in Cumberland. As one of the highlights of this year's tour, we will be co-hosting a special dinner on Friday, August 11<sup>th</sup> with the Township of Cumberland celebrating the friendship created from the time the Memorial Monument was erected.

Other highlights include visiting the cemeteries in Nanaimo, Chemainus, Duncan and Ross Bay Cemetery in Victoria. For the past several years, the Victoria Nikkei Community Society has been hosting a Bon Festival following the service at Ross Bay and we will also be participating in their festivities.

Please join us on what will be a most memorable journey.

On September 23<sup>rd</sup> and 24<sup>th</sup> the BC Jodo Shinshu Buddhist Temples Federation convention and AGM will be held for the first time at Fraser Valley Buddhist Temple.

### **Thank You for Your Support**

*At the recent JSBTC Annual General Meeting hosted in Toronto, the Women's Federation made a very sizable donation of \$120,000. To the Ministers' Retirement Fund. The funds were proceeds raised through the very successful World Buddhist Women's Convention held in Calgary in 2015. Also at the AGM, the Toronto Buddhist Church made a generous donation towards the Ministers' Retirement Fund. Both of these donations were due in part of the ongoing efforts of the JSBTC to promote the importance of providing long term security for our dedicated ministers who have spent a lifetime spreading the Nembutsu teachings at temples across Canada.*

*On behalf of the Ministerial Association as well as those ministers who are already beginning to receive the benefits from the Ministers Retirement fund, I would like to express our deepest gratitude to the Women's Federation, to the Toronto Buddhist Church, to the JSBTC and to all the individuals who have contributed to this fund. Your contribution and ongoing effort is truly appreciated by all of the ministers, both those who are currently serving our national organization and those who have already retired.*

## **“Raise the Roof” Fund**

The 'Raise the Roof' fund is growing slowly. There is a total of \$9075.00 in the account, almost half way to our goal of \$20,000!

As a fundraiser for the roof fund, the Fujinkai ladies will be making a variety of manju to sell throughout the year. Packages of 6 manju for \$5 and 8 for \$6. will be made and frozen to sell. Pre-orders are welcomed. Please contact Kay Hori 250-376-3112 or Anna Kato 250-376-3130 or email [ayoshida@telus.net](mailto:ayoshida@telus.net).

Some fundraising thoughts or ideas are “bento take out” sales, cookbooks or calendars. Any ideas that you may have for fundraising for the temple roof would be appreciated. Our aim is to replace the roof next year, in 2018.

## **Camp Lumbini 2017**

Memo To: All JSBTC Ministers, Temple Presidents and Dharma School Leaders

Toronto Buddhist Church (TBC) members and their families have been fortunate to have access to our summer rustic cottages which consist of three cabins known as Camp Lumbini at beautiful Wasaga Beach, Ontario which is on the shores of Georgian Bay. The cottages are located approximately 1-1/2 hours north of Toronto and are within a short 5 minute walk to the beach. These cottages were built and have been maintained by our temple members.

This year, TBC is inviting children and youth (on a first come, first served basis) from fellow member temples of the JSBTC to join our children and youth. The camp dates this year are Sunday July 30th to Saturday August 5th for those aged 8 to 15. Our children and youth have been enjoying Camp Lumbini since 1964 and we want to open and welcome fellow Jodo Shinshu children and youth to join and share in the fun and experiences together. It will be a wonderful opportunity for our children and youth to develop lasting friendships across our Canadian Kyodan.

It will be a fun filled week with activities connected to Dharma Teachings. The theme this year will be "Amida Buddha Accepting Oneself". Our Ministers will be present during the week along with temple adults and youth and young adult camp counsellors. Activities will include going to the beach, canoe/kayaking, mini golf, bowling and crafts. All meals and activities are included in the fee.

Every year it is our goal to provide a safe and friendly environment which fosters leadership and teamwork development, acceptance of individual differences and values and to provide an opportunity for all individuals to participate in healthy recreational activities regardless of individual skill levels and to also impart and practice Jodo Shinshu Dharma Teachings. Transportation to/from Toronto will be at the expense of the camper. We can discuss the return transportation from Toronto to Camp Lumbini for interested parties.

We have included attachments with registration and other relevant forms. We ask that registration application forms be completed and returned with payment no later than July 15, 2017.

Please feel free to contact the undersigned if you have any questions.

Please circulate this invitation to members of your congregation and TBC looks forward to meeting and welcoming children and youth from your respective temples this summer!
